

Call to Order: 7:38 PM

Attendance: Brett Collins, Mike Horesh

Absence: Sharon Poch

New Business:

How to leverage the CSC to bolster communication with the HS Building Committee (Joe Gleason, participant)?

- Community Engagement and Outreach Subcommittee--keep the public and stakeholders informed and involved
- Create scope of charge
- Cannot begin to understand the project until we secure an organizational project manager (OPM)
- Need to know timeline and steps
- Consider issuing press releases for HS project feasibility study

What can the CSC do?

- Consider building a School Building website--consider using websites of other districts as a model
- include timeline, feasibility study, important documents, similar to supt. search website
- Multiple avenues for supt. communication
- Perhaps issue bi-weekly memos for updates
- Passive vs. active stakeholders, what questions can be answered by OPM, architect, etc.

Perhaps charge 2021-2022 CSC with communication?

Items for Next/Future Agendas

Approve minutes for past meetings

Adjourn: Mr Collins moved to adjourn at 8:37 PM.

Seconded by Mr. Horesh. IN FAVOR: Mr. Collins, Mr. Horesh **Voted and Passed (2-0-0)**
