**Absence:** None

**New Business:**

**Options for SC member communication with communities**

- Kathy Codianne joined to share information from July 2019 SC meeting around having SC office hours prior to SC meeting 1x/month. Discussed proposal -- merits and drawbacks, concerns, logistics, security, how to structure the meeting time, etc.
- Discussed need for public forum for sharing information that involves a conversation rather than simply “public comment”
- New MASC policy for public participation?
- Kathy has the name of a communication consultant that we could contact to help assess what we are doing well in terms of communication and what we can do better. Brett will contact.
- Use systems that we have rather than reinventing the wheel
- Communication should be proactive rather than reactive

**Consideration for a NRSD communications director**

- 3 SC members have approached Mike with thoughts about hiring a communications director

- this would be a newly created position
- would probably be only a few hours/week, maybe less
- will wait to further explore this topic until we have more information from communication consultant
