January 13, 2021

Families and Staff,

You will see our daily COVID-19 case report below. Here's a final reminder: We will resume voluntary COVID-19 rapid testing on Thursday. We are doing this to be proactive and self-assess the safety of our schools. You can read more details about this in our communication [on Tuesday, Jan. 12](#).

Only students with consent will be tested. After 5 p.m. today, any changes to consent – whether you have given it prior or wish to rescind it – must be made by contacting your child's principal. Thank you once again for understanding the importance of this process for your child, family and the community.

## **COVID-19 DAILY UPDATE**

The [MCDPH](#) today reported three new positive cases in our District:

- Two students at Irondequoit High School (one remote learner)
- One student at Dake Junior High School

MCDPH's contact tracing found that each case was the result of community spread with no close contacts happening in school. Click the link to understand how the MCDPH defines "[close contacts](#)." Per federal privacy laws, we cannot disclose any more details or personally identifiable information about these or any cases. If you have questions about these, contact tracing and/or quarantining, call the MCDPH COVID-19 Hotline at (585) 753-5555 or email [COVID19@monroecounty.gov](mailto:COVID19@monroecounty.gov).

For all COVID-related updates/resources, visit our [COVID-19 Information page](#).

Sincerely,

Aaron R. Johnson, Ed. D  
Superintendent of Schools
