FOUNDATION OF MINNESOTA

What will this foundation provide?

The Pine Island-Academics, Arts, and Athletics Foundation has been created to support the educational programs for both the students and personnel of the Pine Island Independent School District, # 255. The Foundation will provide funds for education programs and activities which either have not been funded or have been under-funded by the normal operating budget. The focus will be to provide financial support to enrich and enhance educational experiences or to fund creative and innovative projects which benefit academics, arts, and athletics programs. These funds will be used to promote high student achievement, provide a welcome and safe environment, and support effective and efficient operations. Our goal is to provide funding for special equipment or events that will set our school apart from others.

Teachers, advisors, and coaches will be able to request financial support through a grant process. The board or designated committee will approve the request if it meets the goals and purpose of the organization.

The Foundation needs volunteers to help raise money to support ISD # 255 student activities and programs. You can donate money or materials to the organization and do so as a tax deductible donation. The Foundation and other school groups could hold legal, registered raffles and chance drawings to raise money for school programs. Fundraising efforts can be accounted for through one host leaving more energy to be put into the fund-raising events.
